

#11 "They're Fantastic"

JESUS CHRIST:

When I look down on the earth I see,
problems men can't bare.
Then I tell myself I'm glad,
that it's time to venture there.
And every woman, man and child
who live in stress and strife
Didn't know my father as me to:
"Go and give them life"

See there's people there,
and I love them as you do.
Our creation's there,
they don't know what they're going through.
All our kinsmen there, go redeem them,
if you can.
See our image is there, from sea to sea
all across the lands!

So I agreed that all was not right.
Too many people there who fight
to see the light.
Then I knew what I had to do.
"I Thought," surely they'll understand
after I'm through. "Some did. Some didn't. But I'd do it all
Again. Why?"

'Cause They're Fantastic! They're Fantastic
don't you see?
They're Fantastic! All my children will be
with me!
They're Fantastic! They're Fantastic can't
you see?
They're Fantastic! I know you must agree!

JESUS CHRIST:

Now the one who looks for truth
must get the book to me.
Walk the Path of God
that's laid,
and complete his destiny.

Oh Cyrus, don't you know,

I stand right by your side?

Though you do not know my ways,
my existence don't deny!

Cyrus:

Everyman has a choice
in this I do believe.
My life appears a
chosen course
I'll complete my
destiny.
But God, you must
know,
I need you by my
side?
Though I do not
understand,
my assistance don't

deny!

See there's people there,
and I love them, this is true.
My creation's there,
they don't know what they're going through.
All my children's there,
all they need is your helping hand.
Souls a sleeping there,
now await when they rise again!

Ensemble:

You must agree,

that all is not right.

Too many people there,

who fight to see your light!

Now you see,

what you have to do.

I'm sure they'll understand,

after you're through!

Cyrus:
Now I see,

what I have to do.

I'm sure I'll understand,

after I'm through.

I must agree,

all is not right,

too many people here,

fight to see the light!

'Cause They're Fantastic!
They're Fantastic, don't you see?
